# NRO, USAF DECLASSIFICATION/RELEASE INSTRUCTIONS OF FILE

MEMORANDUM FOR: HQ, USAF  
AFCIG-5

SUBJECT : Vehicle Replacement - Detachment "H"

25X1A 1. Reference telecon Lt Colonel Robert L. Honeywell/  
[REDACTED] 18 January 1963, with regard to  
vehicle replacement requirements for Detachment "H". During  
this conversation it was understood that no action would be  
taken by PACAF to replace vehicles during FY-63 because  
replacement had not been programmed. It was also understood  
that PACAF would program FY-64 replacement for those vehicles  
submitted to them by [REDACTED] on 7 October  
1962.

25X1A 2. Attached is a list of Detachment "H" total vehicle  
assets. Those denoted (RP) in the Remarks Column are the  
vehicles for which the [REDACTED] requested  
replacement from PACAF. Since the original replacement  
25X1A requirement was submitted to PACAF by [REDACTED] three  
additional vehicles have been determined to need replacement.  
They are also designated in the Remarks Column of the attached  
listing.

3. Unless otherwise notified, we will assume that PACAF  
will program the replacement of required vehicles in FY-64 to  
insure earliest possible input to Detachment "H".
